## **OPENING AVAILABLE**

Satisfaction Dental Laboratories, Inc. is seeking a dedicated, part-time individual to join our Crown & Bridge team. Candidates must be punctual, reliable and happy to work with others. A digital background is a plus.

Candidate must be willing to learn and advance. Candidate must read, speak and understand English. The position may grow into a full-time position.

## **About Us**

Satisfaction Dental Laboratories, Inc. is a third generation, full-service laboratory. Our emphasis is high-quality, consistently excellent fabrications and unequalled service to our clients. We strive to have close working relationships with our customers. Our goal is to be the only dental lab our doctors call.

## **Responsibilities**

- Perform basic model work
- Read and understand prescriptions
- Be detail oriented
- Diagnostic waxing
- Digital scanning
- Ceramics
- Maintain a clean work environment
- Metal finishing and polishing
- Fabricate implant components to order
- Exercise OSHA and infection control procedures
- Willingness to share working knowledge with coworkers
- Participate in continuing education to ultimately achieve Certified Dental Technician status
- Keep up-to-date on industry trends
- Be a good communicator
- To be a problem solver for the company and our clients

**Required Skills**

- A positive attitude and solid work ethic
- At minimum, basic lab fundamentals as a foundation to build upon

**Expectations**

- Take ownership of your assigned tasks
- Uphold our commitment to excellence

**What You Can Expect From Us**

- A clean, friendly facility
- Tools and equipment necessary to accomplish your duties
- Sincerity and honesty in what we do
- Trust – we will support you and never limit your potential

**A CERTIFIED DENTAL LABORATORY**
